

Hello,

I am searching for a VP or Sr. Director position in marketing. I am based out of South Florida and require either a remote position or extremely flexible hybrid position. Are there any positions that you are working on that fit these scenarios?

To give you some background, I was most recently the Sr. Director of Product Marketing at Trividia Health which sells product to the nation's largest retailers, distributors and online stores. I have 20+ years of experience in product marketing and brand management ranging in multiple categories including CPG and Medical Device.

I have attached my resume for your review and would love to hear about any opportunities you may be working on.

Thank you

Neal Bhattacharya
